

STONE VALLEY MIDDLE SCHOOL

LOCK POLICY

Student Lockers

Student lockers will be *automatically assigned for all grades*. Your student will receive their locker number on their class schedule. Use of a student locker is optional. If your student chooses to use a locker, we require that they purchase a lock through the school. School personnel maintain a log of the combinations, plus a key entry, should your student have a problem with their lock. If your student is a returning student and they have their lock from last year, they may use that lock. Locks may be purchased at registration. Cost is \$8.00 per lock.

PE Lockers

Lockers are required for PE, and we require that all PE students purchase their lock through the school. If your student is a returning student and they have their lock from last year, they may use that lock. Locks may be purchased at registration. Cost is \$8 per lock.

Lock Pick-Up Process at Registration

Locks must be paid for at the Cashier Station. You will then proceed to the Locks Station and show your Stone Valley/PTA Registration Receipt (proof of payment) to receive your lock(s).
